

Crowcon Technical Note

Document Reference: GEN085 - Notice of Obsolescence (IREX)

Subject: IREX

Date: 2nd October 2018

Due to low demand and changing market requirements, production of IREX will cease on the 31st December 2018.

Crowcon will aim to maintain supply of spares until December 2025, or until we are unable to source parts/components from suppliers.

Alternative products available from Crowcon are:

IRmax: Infrared hydrocarbon gas detector

- Display and non-intrusive calibration
- 316 stainless steel construction
- 3rd- party SIL 2 certified
- HART communications
- 4-20mA output

XgardIQ: Flameproof gas detector with display and IR sensor module

- Display and non-intrusive calibration
- Remote sensor option
- 316 stainless steel construction
- HART communications
